

Dear Friends,

Last year 378 families facing social and economic hardship reached out to Bethlehem for help. These families received wrap-around support services that enabled them to acquire the resources and skills needed to rebuild their lives and secure stable housing.

***Because of supporters like you, Angela and her daughter received the support they needed to secure stable housing.*** After separating with her spouse Angela had a difficult time finding suitable employment and worked temporary seasonal jobs to make ends meet. Then her worst nightmare happened, she lost her home of 10 years. Angela moved into Bethlehem Place with her daughter and began to rebuild their lives in a safe and compassionate environment. She participated in life skills workshops that increased her knowledge and skills to improve their quality of life. Now they have a home in the community and Angela is equipped to maintain stable housing.

Since 2016 we have seen a 30% increase of families reaching out to Bethlehem for help. You can help us respond to this need by continuing your support. ***Your support will help families like Angela and her daughter to secure stable housing and improve their quality of life.***
