

We assist men, women and their children with a focus on families who are homeless due to issues with poverty, physical disability, mental health, domestic violence and family breakdown

We offer in-house and community support services for current and former residents, as well as people living in the community.

We help individuals and families break the cycle of homelessness and gain the confidence, skills and health to remain securely housed.

“Bethlehem Housing and Support Services assisted me in becoming more secure with my life and finding peace within myself. Bethlehem Housing is here to support you and guide you towards a better life.
